

## Top Tips for Science Co-ordinators

- Encourage children and other colleagues to collect samples of seeds (the weirder the better) while they are out and about (ask them to remember to name them too!)
- Collect clear plastic containers to keep your seed collection in

- Join Duchy Originals Garden Organic for Schools.  
[www.schoolsorganic.net](http://www.schoolsorganic.net)

- Make it real - grow vegetables in pots and tubs or in your own school garden
- Collect a range of vegetables
  - o compare the vegetable to the seed
- Save seeds from different sources
  - o marrows
  - o melon
  - o pepper
  - o squashes/pumpkins
  - o peas
  - o tomatoes
  - o beans
- Join the Heritage Seed Library (good for cross curricular ideas) - [www.gardenorganic.org.uk](http://www.gardenorganic.org.uk)
