

Who Wants to be a Millionaire-style quiz

Composting quiz for children who have had a
workshop on the basics of Composting

On your table, you have 4 cards
marked A, B, C, D.

A question will show on the
board with 4 possible answers
(A, B, C, D).

When your group thinks it knows the answer, hold up the letter card that matches the right answer.

We'll start off easy by choosing from two possible answers.

We'll start off easy by choosing
from two possible answers.

The other questions will have
four possible answers.
